101406 Jet Black Stazon Ink Pad

132983 Gold Sequin Trim

103683 Glue Dots

104430 Stampin' Dimensionals

Instructions

1. Cut one piece of Lost Lagoon cardstock so each piece measures 5-1/2" x 8-1/2". Score at 4-1/4" and fold.
2. Cut a piece of Crumb Cake cardstock to 5-1/4" x 4" and adhere to the center of your Lost Lagoon cardfront.
3. Cut a piece of Whisper White cardstock to 5" x 3-1/4".
4. Stamp the starburst from the Kinda Eclectic stamp set randomly around the paper using the following 2014 In Color Inks – Lost Lagoon, Blackberry Bliss, Mossy Meadow.
5. Adhere to the Crumb Cake cardstock so that there is an equal amount of Crumb Cake cardstock showing on the top, right, and bottom sides of the stamped white paper.
6. Adhere a 5-1/4" x 1/2" piece of Mossy Meadow cardstock to the left edge of the Crumb Cake cardstock.
7. Cut a piece of Hello Honey cardstock to 5-1/2" x 1" and emboss using the Woodgrain Embossing Folder.
8. Adhere Hello Honey cardstock to the front of the card overlapping the Mossy Meadow cardstock and stamped white cardstock.
9. Cut a piece of Gold Sequin trim to 4-1/4" long. Adhere using glue dots to the front of the card about 2/3 of the way down from the top of the card. Pull off a few sequins from either end to create string tails.
10. Stamp the starburst from the Kinda Eclectic stamp set using Hello Honey ink onto a piece of scrap Whisper White cardstock.
11. Using the 2nd smallest starburst from the Starburst Framelits to cut out the Hello Honey starburst. Allow the center of the starburst to be off center when you die cut.
12. Take a starburst wooden die cut from the Wooden Elements set and stamp the "Thanks much" sentiment from the Six-Sided Sampler stamp set using Stazon Ink.

NOTE – you need to use Stazon ink, otherwise your ink will bleed and get fuzzy along the grain of the wood.

13. Adhere the wooden element over the solid part of the Hello Honey stamped starburst using glue dots.
14. Adhere the die cut starburst to the front of your card overlapping the gold sequins using Stampin' Dimensionals
